GROWERS AND JOBBERS-HYBRID SWEET CORN-ONION SETS-GARDEN AND FLOWER SEEDS

333-355 West 35th Street

ESTABLISHED 1884

CHICAGO 16, ILLINOIS

Were you one of the fortunate gardeners who enjoyed one or more varieties of Michael-Leonard Hybrid Sweet Corn this past season? If so you will want to grow some again this year, and you will also want to plant other Michael-Leonard seeds in your garden this spring.

If you have not eaten some of this wonderful corn, you surely have missed something and will not want another season to go by without a generous planting.

For over sixty years we have been breeding and growing improved varieties of vegetable seeds for the Commercial Canner, Freezer, Market and Home Gardener. One of our greatest developments has been Michael-Leonard Hybrid Sweet Corn—the finest quality sweet corn on the market—(see descriptive folder enclosed) and we also have a complete line of other vegetable seeds that you will want to plant this coming spring.

Michael-Leonard seeds are sold by thousands of dealers all over the country. We know that you would prefer to buy your seeds right at home, so try your local seed merchant first. If he does not handle Michael-Leonard seeds send your order direct to us and we will be pleased to fill same.

To make it easy to order direct we have made up a price list on page 2, and you will find a convenient order blank on pages 3 and 4 covering the popular varieties. Fill out the order blank and mail it with your remittance at once to insure early delivery.

For the best garden you ever had plant MICHAEL-LEONARD SEEDS in 1946.
